

Providing independence with the **freedom** to view photographs, write, enjoy reading and hobbies.

---

The new Solitaire is easy to use with the one piece fold and go design.

The XY table organizer is the world's first fully functional XY table that opens allowing internal storage and an organized desktop area.

Auto focus allows the reading of thick books and medication bottles with convenience.

Large user friendly controls.

---

The pursuit of innovative design, along with attention to industry demands, has led Vision Technology to the next phase of product design with additional options available. This same premise was initiated by asking "what do you need in a video magnifier"?

The effects package "EP" includes window shading, line markers and color pallets. The EP is available upon request for Vision Technology products from desktop viewing to intermediate and distance viewing.

Vision Technology offers 2X magnification allowing individuals with the beginning stages of Low Vision the benefit of these products. In addition to the EP and 2X magnification, Vision Technology offers distance viewing on many of their products. Vision Technology's patent pending design allows easy transitioning to distance viewing. This **patent pending** design allows individuals with low vision to conveniently see the world around them.

## ***New Solitaire Series***

***Desktop Video Magnifier with Adjustable Monitor***

*Patents Pending*

# New Solitaire Series Specs

## Product

Height 13"  
Width 19"  
Depth 18"  
Weight 16 lbs

## Transportation Carton

Height 16"  
Width 23"  
Depth 23"

## Standard Features

Color  
Autofocus  
Ball bearing table movement  
Desktop Viewing  
Audible Feedback  
Magnification Range 4x- 65x

## Reading Table

Unrestricted workspace  
Internal storage compartment

## Monitor Options

15" Flatscreen  
17" Flatscreen

## Illumination

Light emitting diodes (LEDs)  
Rated for 100,000 hours of use

## Power Supply

Input Voltage 100-240 V AC  
Frequency 50-60 Hz

## Large Control Features

Zoom in  
Zoom out  
Viewing Modes  
Brightness  
On/off  
Electronic Locking Table

## Image Choices

Picture mode for enhanced viewing of images  
High contrast text modes

## Optional Effects Package

User selectable foreground window shading  
User selectable foreground line markers  
User selectable foreground / background color combinations.

## Warranty
